

# Help to reduce energy costs for people with low incomes

---

You are invited to attend a meeting to find out how people on low income may reduce the cost of their energy bills. The meeting will be held:

Where: St. John's Church Hall,

When: Thursday April 14, 2011 from 2 p.m. to 4:30 p.m.

Who Should Attend: Citizens who lives on low income as well as front-line staff who work with people who live on low income.

It is important that staff who support people on low incomes learn of the programmes that may assist their clients to reduce their energy costs.

## The Agenda:

- a) Welcome, introductions and review of the purpose of the meeting.
- B) Enbridge representatives present an overview of Enbridge and its energy efficiency and savings programs to low income people free of charge (Weatherization retrofit and Enhanced TAPS programs).
- C) Questions and clarifications on the Enbridge programs.
- D) Facilitated discussion of ways that front-line workers and their agencies can assist with outreach to their low income clients to increase applications to the Enbridge programs.

This event is being sponsored by a partnership of Enbridge Gas, the Social Planning Network of Ontario, Peterborough Social Planning Council and the Peterborough Poverty Reduction Network.
